go **0.22** mi.  
go **0.31** mi.  
go **289** ft.

Time: 8 min. Distance: 2.36 mi.

## Parking Information for Safety Fest OSHA 10-Hour General Industry Training January 27 and 28, 2011

Most parking at BSU is by permit or paid parking in a parking garage. Free street parking is very limited, and it is generally taken early in the morning. Parking rules are strictly enforced at BSU.

If you don't want to walk to training from the Safety Fest location (where parking is free), the Lincoln Parking Garage should be available for hourly parking. The parking rate as of September 2010 is one dollar per hour.

For more information about BSU parking, visit [www.transportation.boisestate.edu/](http://www.transportation.boisestate.edu/)

The training will be held in the Simplot room, on the second floor of the Student Union Building.
